

Increase housing production to eight units per year. In 2020 and 2021, we will produce size units per year. In 2022 and 2023 we will produce eight new units.

Develop a business plan for a **Repair Program** to preserve the quality and livability of affordable homeownership. In 2020, the area of focus and model will be developed and approved by board.

Advocate for policy and systems change by mobilizing partners, volunteer and community members to participate in Habitat "**Cost of Home**" Campaign.

Increase organizational capacity to deliver on these priorities, by growing our earned and contributed revenue by 6% annually and growing our volunteer hours by 10% annually.

Evaluate organization's service area, exploring opportunities for a merger and formal partnership to increase affordable housing production.

Updated Mission Statement:

Merrimack Valley Habitat for Humanity brings people together to build affordable homes, strengthen families and communities, and foster hope.

Vision:

One day, everyone will have a decent place to live.
